

The Potter's House Activity Instruction

Jeremiah 18:1-12

Hi Boys and Girls,

I hope you are all well and keeping yourself nice and warm with this cold weather.

This week's Bible lesson focused on when we make mistakes and or do the wrong things, Jesus' wants to come along side us and help to re-shape and mould us so that we could become the best person God's wants us to be. This lesson is illustrated in the Potter's House in the book of Jeremiah.

Please find below the instructions to the activity:

Step 1: You have a plain clay pot which you want to mould into a beautiful pot as you are the potter.

Step 2: Place down the rich dark/light paper onto the pot.

Step 3: Place down the second layer of card on top of the pot.

Step 4: Decorate the bottom of pot with the final small piece of card to make it rich/striking

Step 5: Finish off your pot with the Scripture verse from the Book of Isaiah 64:8.

Step 6: Turn the pot around and decorate it with the various items I have provided you to make the pot really beautiful just like how God wants you to be. You may have other things at home as well.

You can hang the pot with the string that I included so that you can enjoy both sides of your work. You are a great POTTER!!

Enjoy!! Love and regards,

Alexa
