

Paul

Acts 9: 1-19

Hi Boys and Girls,

I hope you are all well and keeping warm given the sudden change in the weather. I also hoped you enjoyed your first few days at school this week!

First, I want to thank you so much for your amazing participation in Kids Church. May our Lord Jesus bless you in a very special way!

This week's Bible lesson we focused on **CHANGE** and the possibility of **CHANGE** when **Jesus comes into our life**. We learnt that Paul did not like Christians, and he wanted to harm them by putting them in prison.

However, his way to Damascus to do this, Jesus came alongside Paul and **CHANGED** his life for ever. Paul became one of the greatest leaders in the early Church and we still read and learn from the many books he has written in the New Testament.

Please find below the instructions to the activity:

Step 1: You have the four white cardboard steps of Paul's conversion (change) which you can colour and decorate any way you like.

Step 2: Place your coloured four small cut out steps on the white card to help you remember the journey of Paul's conversion (change).

Step 3: Once you have finished/completed your four stages, you can place them in the box provided so that you don't lose them and you can keep them for the future.

Step 4: On top of the box, place your final coloured card that reads "The conversion of Paul." Perhaps you can put this on the box somewhere that does not block the view of what is in that special box. You can decorate the edges of the box also.

Enjoy!! Love and regards,

Alexa
