

# KING SOLOMON'S TEMPLE

## ACTIVITY INSTRUCTIONS

Hi Boys and Girls,

I hope you are all well and keeping yourself nice and warm with this cold weather. This week's Bible lesson focused on how King Solomon followed God's instructions in building the temple. Please find below the instructions to the activity:

Step 1: Start with the top of the temple by placing down the pink timber paper at the top of the columns using glue

Step 2: Place down the rich dark timber as the second layer

Step 3: Place down the final layer gold layer of the temple

Step 4: Decorate the top part of your carved columns; then finish the long columns with the cedar wood

Step 5: Finish off your doors with the rich magnificent wood panels and don't forget the door knob.

Step 5: Finish the floor with special cut stones. Place the name of the temple in the centre for people to see.

Remember, King Solomon wanted this temple to be very special for God, so it had lots of GOLD decorations.

Enjoy!! Love and regards,

Alexa
